Weight: 41 lbs (18.59 kg)

Needle speed: 0-3500 SPM

Footprint: 5' W x 8', 10' or 12' L

Lucey feels as if somebody handcrafted a quilting machine just for you.

When you quilt with Lucey, you'll quickly understand why APQS quilting machines are known for being easy to use and simple to operate. Everything is designed, engineered and crafted to be approachable, inviting and simple to use. Lucey offers the throat space of our top-of-the-line machines - making it an exceptional value.

What makes Lucey unique?

Multi-Position Handles

The curved handles on the front of APQS machines are ergonomically designed and adjustable to "fit" your individual size and shape. Our handles are horizontal, and although they may feel different at first, you'll soon get the hang of them and agree that they are much less stressful on your body. Our handles help diminish the risk of carpal tunnel, shoulder and elbow problems. In addition, they allow for excellent visibility of the quilting area.

Standard table

The APQS standard table is full of great time-saving features and comes in 8', 10' or 12' table lengths. For example, the quilt top, batting and backing all load from the top. This simplifies bobbin changes and lets you quilt while sitting. Our tables do not have junction points in the rails or the poles, which gives our wheels smooth movement and prevents sway. Lucey owners have the option of upgrading to a deluxe table, which makes it possible to add the Automatic Quilt Advance System and Overhead lighting to the machine.

Available options for Lucey

- Quilt Path™ computerized quilting system
- Bliss™ track system
- Overhead lighting*
- Deluxe Table upgrade
- Automatic quilt advance with foot pedal control*
- Hydraulic table lift
- In-home set-up by factory-certified technician

*Can be added to Lucey when upgraded to a Deluxe Table.
